California Basic Educational Data System (CBEDS) The California Basic Educational Data System is an annual data collection, distributed in October, which is used by the California Department of Education (CDE) to collect the following categories of data from California public schools (K-12): enrollment, graduates, dropouts, vocational education, alternative education, adult education, course ...

Glossary of Terms - California Department of Education

Educational content standards describe what students should know and be able to do in each subject at each grade. In California, the SBE decides upon and adopts the standards for all students, from kindergarten through high school, pursuant to EC sections 60604-60618. Neither the SBE nor the CDE may revise the standards without specific authority provided in law.
