Binary Pair A Paranormal Space

Binary Pair is a terrific fun space adventure starring a weretiger and a vampire. This is part of a series, but it'll work fine as a stand alone too. Contains lots of violence, language, and sexual content (but no sex). I received an advance copy of this book from the author. This is my honest and voluntary review.

PSR J1141-6545 is a unique binary in that one half of the pair is a pulsar – a fast-orbiting, young neutron that is the corpse of star killed in a supernova, whose gravity is still strong enough to mash protons and electrons to form neutrons. The other half is a white dwarf – another dead star that merely burned out.

A binary opposition (also binary system) is a pair of related terms or concepts that are opposite in meaning. Binary opposition is the system of language and/or thought by which two theoretical opposites are strictly defined and set off against one another. It is the contrast between two mutually exclusive terms, such as on and off, up and down, left and right.
