Description. Supports and motivates students as they learn to think like a biologist. Building upon Scott Freeman's unique narrative style that incorporates the Socratic approach and draws students into thinking like a biologist, the Fourth Edition has been carefully refined to motivate and support a broader range of learners as they are introduced to new concepts and encouraged to develop ...

### Freeman, Biological Science, 4th Edition | Pearson

He teaches cell biology at the first- and second-year levels and genetics at the second-, third-, and fourth-year levels. His teaching goals are (1) to find ways to incorporate current scientific research into introductory courses, (2) to develop new ways to expand a course's boundaries with online material, and (3) to use clicker classroom response systems to teach content with questions.
