### **Neuro-Ophthalmology Review Manual, 4th Ed. | Neurology**

Neuro-ophthalmology is complicated. Most medical students don't get it and residents, especially ophthalmology residents, may even fear it. There is an obvious niche for a small, paperback review manual that concisely and accurately lays out the basics. This book continues to fill that niche.

### **Neuro-ophthalmology review manual, revised 5th edition ...**

I think that the Neuro-Ophthalmology Review Manual would find a useful place in any ophthalmology resident's on-call bag. As a review manual, the book's usefulness will depend on an individual's study habits. An academic library, however, might be better served by some of the newer, more substantial texts.
