Freud's other theories. Highly  
recommended for anyone interested in  
psychology, character, human behavior,  
or Freud's work. Covers a lot about  
human memory.

Freud's discovery of everyday psychopathology of life reflects that before Freud, the common belief was that slip of tongue, common forgetting and everyday mistakes which all of us often meet, but consider to be incidental and cause less, have definite cause, meaning and economy. The realm of psychic determinism is thus applicable
